

LVCC Early Childhood Outreach Coordinator VISTA

Please consider this exciting opportunity to contribute to our mission, gain valuable work experience and receive a small living allowance all at the same time.

United Way of the Greater Lehigh Valley has committed to a goal of increasing the number of students reading on grade level by 2022. To reach this goal we will mobilize and coordinate a host of community partners to join the movement, align their efforts, raise the quality of strategies and programs delivered and value and celebrate a collective impact with students and families. We will accomplish this goal by leveraging individual, programmatic and systemic changes intentionally brought about through the implementation of the United Way Community School Model.
