

UWGLV AmeriCorps Community Resource Members

Do you have a passion for creating connections and finding resources for families and individuals? Are you seeking an opportunity to utilize your employment and/or educational background in a school based or community based non-profit setting?

The ***AmeriCorps Community Resource Members*** will increase community stability for students, families, and older adults by:

- Identify individuals who could benefit from basic needs being met.
- Assist individuals with overcoming barriers by increasing access to resources.
- Learn about and build partnerships with community resources to assist students, families, and older adults.
- Collect data and track students, families, and older adults' outcomes.
- Create opportunities to promote awareness and outreach of community resources available throughout the Greater Lehigh Valley.

The service term is August 2023 - August 2024. There are part-time and full-time service opportunities available, depending on assignment and location. Service locations are in Bethlehem, Easton, Allentown, and Carbon County.

AmeriCorps members earn a living stipend based on their service hours and upon successful completion of their term, they are eligible for an educational award that can be applied toward student loans or further educational expenses.

STIPEND – \$2,850-\$16,502

EDUCATIONAL AWARD – \$1,374-\$6,495
