We all know the Lehigh Valley is a special place to live, work and play, but what truly makes it special is YOU. You are generous, you are kind and you continue to support your community. You made a difference in people’s lives through giving, advocating and volunteering.

It’s amazing what happens when people come together as a community, with a common goal to build a better life for everyone.

People often ask me what it means to LIVE UNITED – your contribution, combined with all the other generous donors in the Lehigh Valley, creates long-lasting change. When you give what you can, advocate for your favorite cause and volunteer your time, you are building a stronger, healthier Lehigh Valley. This is what it means to LIVE UNITED!

On behalf of the Board, staff, and hundreds of volunteers, thank you for all that you do for the Lehigh Valley. We are all proud to serve our community with you.

With warmest regards,

David Lewis
President
United Way of the Greater Lehigh Valley
Your United Way
United Way of the Greater Lehigh Valley (UWGLV) seeks to improve lives and community conditions. We do this by: **ASSESSING** the needs of the community, **RAISING** funds and **INVESTING** in programs, **MOBILIZING** partners to action and **MEASURING** results.

Along with hundreds of community leaders, we discovered these startling facts:

- 65% of children in the Lehigh Valley are not ready for kindergarten.
- One in four third graders in the Lehigh Valley do not read at grade-level.
- One in 10 people in the Lehigh Valley are hungry.
- 28,000 seniors are not meeting their own basic care needs and the 70+ population will double by 2040.

Community Impact Goals – by 2022
To address these needs, our Board of Directors challenged us to create community impact goals for positive, long-lasting change in our community.

**Our Commitment to the Community**
- Increase the number of third grade students reading at grade level by 50%.
- Increase access and availability of nutritious food to people in the Lehigh Valley by 50%.
- Increase the number of seniors whose basic needs are met at home by 50%.

**A Collective Impact Strategy**
Our 2014–18 Investment Plan supports multiple community partners focused on a common goal to improve the lives of people in the Lehigh Valley through education, food access, healthy aging and emergency services.

JOSE
AFTER SCHOOL PROGRAM
Jose participated in the United Way-supported Earn a Bike program. Immediately after completing his class this year, he became a youth volunteer to help teach others. The Earn a Bike program engages students in project-based learning that allows them to develop interests and skills related to mechanics and tool use, reading and math.

WHY THIS IS IMPORTANT

FOR EVERY 50 CHILDREN WHO DON’T LEARN TO READ IN KINDERGARTEN, 44 OF THEM WILL HAVE TROUBLE IN 3RD GRADE

A child who starts behind falls farther behind, long before the start of school.

Students not reading on grade level by third grade are less likely to graduate from high school.

Student success generally declines in the middle grades and is most problematic for those attending high-poverty, low-performing schools.

INVESTMENTS IN ACTION

5,900+ STUDENTS ENROLLED AT UNITED WAY COMMUNITY SCHOOLS

5,000+ CHILDREN AND FAMILIES PARTICIPATED IN UNITED WAY-SUPPORTED PROGRAMS
Our investments at work
HEALTHY

SHIRLEY MEAL DELIVERY PROGRAM
Shirley is unable to cook meals on her own, and the United Way-supported meal delivery program through Meal on Wheels of Lehigh County is part of what allows her to stay independent in her home. United Way is also supporting a farm produce project that works with local farmers to integrate more local fresh fruits and vegetables into the Meals on Wheels deliveries and congregate meals at Lehigh County seniors centers.

FOCUS AREA
91% OF SENIORS WILL HAVE THEIR DAILY NEEDS MET AT HOME BY 2022

2014 82% 91% 2022

Bruce Food Pantry

The United Way-supported food pantry at ProJeCt of Easton practices the choice model, which permits clients to choose from available food items they want. The staff also takes into consideration individual client needs including cultural background and medically indicated dietary restrictions. Bruce has echoed this by stating that along with paying attention to better nutrition and his special diet, when reading small print became too difficult, they helped him get a vision exam and new glasses.
