SUCCESS STORIES

INCREASED FAMILY ENGAGEMENT

Paxinosa Elementary School surpassed its goals for parent and family engagement. Creating events in which families can attend and have some one-on-one conversations with the school staff has proven to report the highest number of families attending. Additionally, Paxinosa engaged families in bringing new programs to the school for adults. They partnered with Lafayette College and created a fall and spring program in which parents learned conversational English as well as some important life skills.

EXPANDED SOCIAL-EMOTIONAL LEARNING

Calming Corners were installed in each classroom and new programming was offered from the Shanthi Project. Staff also completed extensive trauma-awareness training.

EXPANDED FOOD RESOURCES FOR STUDENTS AND FAMILIES

In partnership with Lafayette College and Family Connection of Easton, Paxinosa opened a food pantry available to all students, families and community members. The pantry offers a large selection of diverse food choices to meet all of their families needs.
